

Fall Protection, Confined Space, & Rescue Solutions

**CPO OF MINISTRY OF LABOUR
WORKING AT HEIGHTS APPROVED
REFRESHER TRAINING**

RUBICON SAFETY INC. CPO OF MINISTRY OF LABOUR WORKING AT HEIGHTS APPROVED TRAINING

As of October 1st 2017, employers must ensure that certain workers complete a CPO approved Working at Heights training program that has been approved by the Chief Prevention Officer (CPO) and delivered by a CPO approved training provider before they can work at heights.

The training requirement is for workers on construction projects who use any of the following methods of fall protection: travel restraint systems, fall restricting systems, fall arrest systems, safety nets, work belts and/or safety belts.

Every three years you must take a CPO Approved Working at Heights Refresher program to maintain your training. We offer a 4hr course to get you back up at heights and working safely!

Each participant is required to bring government issued photo ID, & CSA approved safety footwear, as well long pants must be worn. Participants who do not have the required identification, footwear and long pants will be removed from the class & reschedule.

CERTIFICATION IS VALID FOR THREE YEARS!

BURLINGTON * BRANTFORD * CAMBRIDGE * WOODSTOCK * LONDON
GODERICH * SARNIA * AYLMER * HAMILTON * MILTON

Our instructors will go anywhere in Ontario to train your team!!
